

INTERN

At Bloom Partners, we live and breathe digital in an everchanging business environment. We combine passion in developing business and marketing strategies for a digitized world with a strong entrepreneurial spirit. We take pride in striving for excellence in everything we do – from delivering best-in-class results for our clients' businesses to supporting each other in our endeavour for continuous learning. Our approach is entrepreneurial, driven by individual passion and a strong bias towards business impact. The success of our international and growing client base is our measure for satisfaction.

We are looking for smart and highly engaged students with a passion for digital marketing, strategic thinking and entrepreneurship to join us as **interns** at Bloom Partners.

YOUR CAREER AT BLOOM PARTNERS

At Bloom Partners you will take over responsibility from day one. You will work in our vibrant team dynamic by driving to shape the future environments of our cross-industry clients. You will grow and get inspired by the following key roles:

- Be fully integrated in our team and drive advanced qualitative and quantitative analyses around (digital) consumer, market and technology trends for leading global brands;
- Present results and support in creating client presentations and workshops;
- Promote team efficiency and effectiveness by performing operative and strategic tasks;
- Support driving Business Development for convincing potential new clients;
- Learn from and contribute to our bi-monthly Bloom Academy sessions

YOUR PROFILE

You think digital is more than just a Website, Facebook or Twitter, you are currently enrolled at a University and you are fluent in German and English. Ideally you have already gained experience in consulting, start-ups or in a similar environment with a focus on digital and/or marketing. In line with our values at Bloom Partners, you are an excellent fit for us if you combine the following traits:

- Intellectual curiosity for digital topics – interested in digital business models, strategies and technology
- Highly analytical and deadline-driven mind-set
- Independent, structured and result-oriented approach, as well as a positive can-do attitude
- Highly engaged, team-oriented and excellent communication skills
- Knowledge of PowerPoint and Excel

WE ARE EXCITED TO HEAR FROM YOU!
